

Construction at Blanchard and Grove

The town of Belmont is doing construction on Bright Road in Belmont which also includes rebuilding the intersection of Blanchard and Grove. A portion of the intersection is in the City of Cambridge. Cambridge and Belmont held a joint planning process with the residents of the two municipalities that developed the plans for the roundabout that will now be constructed. A copy of the plan is attached. Construction updates are available on Belmont's website at www.town.belmont.ma.us.
